Forecast For Scotland
Issued by Met Office Aberdeen
at 1600 on Monday 22 Mar 2021

++ Valid for broadcast between 1800 and 0600

Headline:
Some brightness in east, otherwise cloudy. Patchy rain in west.

This Evening and Tonight:
Remaining dry with some clear spells in the east this evening and overnight, otherwise mostly cloudy with a little patchy light rain and drizzle for the west coast. Southwesterly breeze continuing.

Tuesday:
Some sunny spells for the northeast and Northern Isles, otherwise remaining generally cloudy. Patchy rain on the west coast. More persistent rain and coastal gales in the west by evening.

Outlook for Wednesday to Friday:
Becoming increasingly unsettled with showers or longer spells of rain, especially in north and west with the best of any sunshine in east. Wintry showers to low levels on Friday.
